AppXpert

Natalie Kline & Marcos Diaz

Key Features

Mobile Application

Cross platform, available for iOS and Android

User Registration

 Secure account creation for data persistence and privacy

Application Tracking

Input and monitor job application materials and company details

Dashboard Overview

 Visualize overall progress, success rates, and rejection rates

• Calendar Integration

- View important dates for application deadlines, interviews, and follow-up reminders.
- Receive notifications regarding these events

Tools

- Git for version control
- **Figma** for designing mockups

• React Native for development

 Firebase for user authentication and persistence

Detox for testing

Gantt Chart
